

## Product information

# SUNOCO

## 2T Racing Gear

**Description** 100% synthetic gear box oil with special "extreme pressure" type additives.

**Application** Lubrication of heavily loaded gear boxes even when submitted to extremely severe circumstances. Verify manual for precise prescriptions.

**Properties**

- betters and eases the gear shifting, particularly at low temperature shortly after engine start-up.
- because of the 100% synthetic composition suitable for "all time" use, this starting from extremely low up to very high ambient and oil bath temperatures.
- prevents excessive wear through the use of very special and well balanced additives combinations
- does not foam

### Typical analysis :

Density at 15°C	0.853
Viscosity at 40°C / cSt	85
Viscosity at 100°C / cSt	14
Flash point °C	235
Pour point °C	< -30
