

Product information

SUNOCO

2T Sport Gear

Description Semi-synthetic gear box oil with special "extreme pressure" type additives.

Application Lubrication of heavily loaded gear boxes even when submitted to extremely severe circumstances. Verify manual for precise prescriptions.

Properties

- betters and eases the gear shifting, particularly at low temperature shortly after engine start-up.
- prevents excessive wear through the use of very special and well balanced additives combinations.
- does not foam.

Typical analysis :

Density at 15°C	0.873
Viscosity at 40°C / cSt	95
Viscosity at 100°C / cSt	14
Flash point °C	230
Pour point °C	-30
