

Product information

SUNOCO

4T Moto HD

Description High quality multigrade type engine lubricant based on high quality mineral base oil, this for 4 stroke Harley Davidson motorbikes operating under both variable conditions as well as with continuously high speeds.

Application In Harley Davidson motorbikes. Particularly suitable for the "touring / tourist" type and / or "chopper" like rider . Specifically recommended for several models of HARLEY DAVIDSON make, particularly when operated in high environmental temperature areas.

Specifications

- mineral oil composition
- API CE / SAE 20W50
- typical 19,5 cSt well high in SAE 50 specification range

Properties

- excellent protection against wear and corrosion through the perfectly resistant oil film resulting in high serviceability and extended lifetime.
- prevents formation of deposits on engine parts.
- perfect lubrication at all ambient and high temperature conditions.
- fully compatible with/ not harmful to exhaust gas catalytic convertors .

Typical analysis :

Density at 15°C	0.892
Viscosity at 40°C / cSt	175
Viscosity at 100°C / cSt	19.5
Viscosity at -15°C / cP	8000
Flash point °C	220
Pour point °C	-30
TBN mg KOH/g	8.5
Colour	5.5
