

Product information

SUNOCO

Synturo Crystal C2 5W30

Description Fully synthetic lubricating engine oil, especially developed the long time protection of the emission system of the modern car and to keep the efficiency of the emission reduction system.

Application Recommended for the modern type of gasoline, LPG and diesel engine, with or without turbo charging in latest generation passenger cars equipped with diesel particulate filter and / or performant catalytic convertor.

Specifications

- API SM / CF
- ACEA C2 & A5 / B5

Properties

- Low level of ash, phosphor and sulphur, extending life time of the car's emission control system while keeping up its efficiency.
- Good fluidity at low temperatures enhances cold start performance.
- Less friction gives fuel-economy & better performance, with lower CO2 emission.
- Engines keep internally extremely clean, extending the engine life time.
- High quality for stable, optimum performance and extended oil drain intervals.

Typical analysis :

Density at 15°C	0.854
Viscosity at 40°C / cSt	60
Viscosity at 100°C / cSt	10.5
Viscosity at -30°C / cP	6000
Viscosity index	166
Flash point °C	226
Pour point °C	-39
HTHS viscosity / cP	2.95
TBN mg KOH/g	7.2
Colour	3.0
