

Product information

SUNOCO

Synturo Mistral 5W30

Description Advanced performance fully synthetic, long life, fuel economy engine oil for exceptionally high cleaning power, wear protection and overall performance. Maintains efficiency of car emission reduction systems in both diesel and gasoline powered cars.

Application In all types of modern automobile engines, particularly those high-performance ones, both diesel and gasoline, that are to be found in the latest passenger cars, SUV's and light duty vans.

Specifications

- ACEA C3
- VW 504.00 / 507.00
- BMW LongLife 04
- MB 229.51
- Porsche C30

Properties

- long life type engine oil for modern automobile engines.
- ideal lubrication during whole maintenance interval.
- composition with latest state of the art chemical additives and leading edge components.
- designed to be fully compatible with the latest "diesel particulate filters" (=DPF's).
- ideal optimum energy/emission efficiency and improved environmental protection.
- medium high temperature high shear viscosity for best possible fuel economy and engine protection.
- excellent flow characteristics at very low temperatures for improved cold start capacity.
- extremely high thermal stability and low volatility.

Typical analysis :

Density at 15°C	0.853	Flash point °C	247
Viscosity at 40°C / cSt	73	Pour point °C	-45
Viscosity at 100°C / cSt	12.0	TBN mg KOH/g	6.9
Viscosity at -30°C / cP	5800	Sulphated ash / %	0.6
Viscosity index	157	HTHS-viscosity / cP	3.6
