

Product information

SUNOCO

Air filter oil

Description Sunoco's Air Filter Oil is a high quality air filter oil, developed for use in all sorts of oil filters in motors and automated tools.

The oil gives the air filter a good water resistant layer and stops all dust particles, assuring a flow of clean air into the engine.

Application Air Filter Oil is the oil to be used in motor cross, enduro and road racing and in virtually any other application.

Typical analysis :

Density at 15°C	0.753
Viscosity at 40°C / cSt	25.6
Viscosity at 100°C / cSt	4.6
Colour	Bleu
