

Product information

SUNOCO

Sunamatic ATF 149

Description Automatic Transmission Fluid.

Application Generally used where GM (ex Dexron II) products are prescribed.

Specifications - GM (ex Dexron II)
- ZF TE-ML 09 / 11 / 14

Properties - Excellent viscosity performance and high viscosity index stand for application without any problems.

Typical analysis :

Density at 15°C	0.871
Viscosity at 40°C / cSt	38.1
Viscosity at 100°C / cSt	7.2
Viscosity index	155
Flash point °C	190
Pour point °C	-42
Colour	Red
