

## Product information

# SUNOCO

## Suniso 4SA

**Description** Paraffinic refrigeration oil for ammonia systems.

**Application** Specific for systems working with ammonia as cooling medium.

**Properties**

- Top quality refrigeration oils with very high thermal stability.
- Very good miscible with the cooling medium in the low temperature part of the compressor.
- Low wax content and high dielectric voltage.

### Typical analysis :

|                          |       |
|--------------------------|-------|
| Density at 15°C          | 0.894 |
| Viscosity at 40°C / cSt  | 57    |
| Viscosity at 100°C / cSt | 6.9   |
| Viscosity index          | 68    |
| Flash point °C           | 220   |
| Pour point °C            | -33   |
| Aniline point °C         | 90    |
| Colour                   | 2.0   |
