

## Product information

# SUNOCO

## Sunotex range

**Description** SUNOTEX oils are general-purpose, medium viscosity textile machine oils.

**Application** SUNOTEX oils scour completely from fabrics of all types. Since it is practically impossible to stop lubricants from occasionally being splashed on the cloth, this is an important advantage.

For all circumstances where not – leaking or splashing of the oil is of great importance.

**Properties**

- Scours out completely.
- Protection against rust and oxidation.
- Reinforced with anti-wear additives.
- High oxidation stability.
- High resistance against leaking or splashing.

### Typical analysis :

	22	32	46	68
Density at 15°C	0.869	0.874	0.879	0.883
Viscosity at 40°C / cSt	22	32	46	68
Viscosity at 100°C / cSt	2.5	5.3	6.7	8.6
Viscosity index	97	97	97	97
Flash point °C	165	170	175	180
Pour point °C	-12	-12	-12	-15
Colour	1.0	1.0	1.5	1.5
