

Product information

SUNOCO Sunvis 746 HV

Description High quality detergent and dispersant hydraulic EP oil, applicable in case of wide ambient temperature variations. Offers optimum protection against rust, wear and corrosion. Keeps the hydraulic system very clean.

Application Recommended fluid for heavily loaded hydraulic systems, submitted to important temperature variations, where contamination and pollution occur. Especially suitable for applications as hydraulic fluid in mobile(outdoor) systems, in piston and screw propellers.

Specifications

- ISO VG 46
- DIN 51524 Part 3 Type HVLDP

Properties

- Detergent and dispersant properties.
- Highly stable viscosity index improver.
- Protection against rust and oxidation.
- Good properties at low temperatures.
- Excellent film strength and anti-wear properties.

Typical analysis :

ISO VG	46
Density at 15°C	0.875
Viscosity at 40°C / cSt	46
Viscosity at 100°C / cSt	8.4
Viscosity index	160
Flash point °C	210
Pour point °C	-36
TAN mg KOH/g	1.0
Colour	2.0
