

Product information

SUNOCO

Ultra-fine Spray Oil

Description Ultra-Fine Spray Oil is the most highly refined of all Sunspray oils. In the process, the compounds in oils that can linger and cause plant damage (phytotoxicity) are removed, making year round applications, growing and dormant seasons, of Ultra-Fine possible.

Application Ultra-Fine Spray Oil can be used on a wide variety of indoor and outdoor plants at rates and frequencies that insure pesticide effectiveness.
Can be used on: Landscape (Shade Trees, Ornamentals, Shrubs, Flowers)
Fruit Trees, Interiors capes, Houseplants, Vegetables and Greenhouse Plants.

Properties

- Low toxicity, no odour.
- Safe on a wide variety of plants.
- Versatile – use on interiors capes, landscapes, nurseries, greenhouse and field crops.
- Controls the adult and eggs of the most common insect problems.
- No known build-up of insect resistance.
- No post-harvest restriction.
- Recommended for integrated Pest Management Programs.
- Effective alone, can be used as a tank mix.

Typical analysis :

Density at 15°C	0.866
Viscosity at 40°C	12.6
Viscosity at 100°C	2.9
Viscosity index	73
Pour point	-18
TAN mg KOH/g	0.05
Unsulphonated residue	92
Carbon type analysis :	
- C _A %	4
- C _N %	37
- C _P %	59
